Hi Minister,

Sharing this open letter from the Canadian Chamber of Commerce – the Oakville Chamber has signed it. France gave us a heads up that the letter would be coming out on our call with her this afternoon.

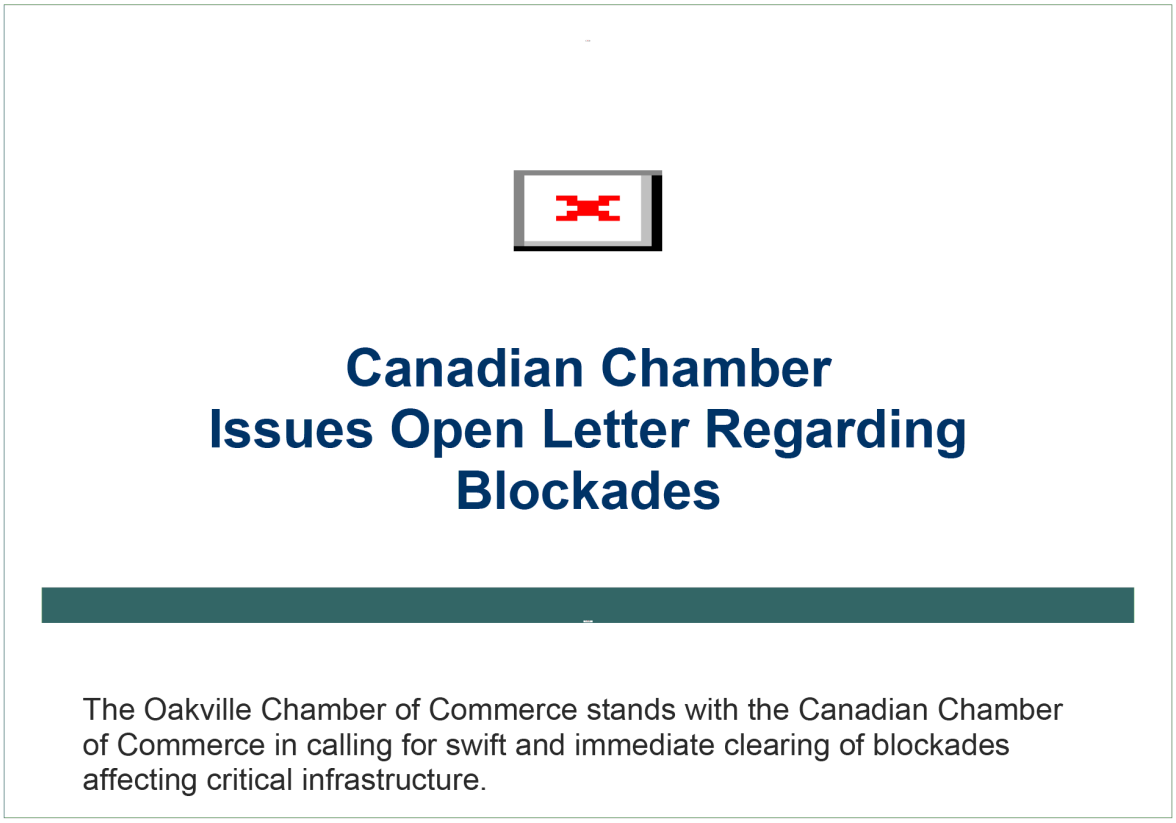
Subject: Canadian Chamber Issues Open Letter Regarding Blockades



The Ambassador Bridge is the busiest trade crossing in North America. It is vitally important to resume traffic ensuring the supply of food, medical products and industrial goods. The disruption to our commercial traffic routes affect our everyday lives, our neighbours, families and friends. As we emerge from the impacts of the pandemic, we cannot allow any group to undermine cross-border trade that supports the well being of the economy.

Yesterday, we participated in a province wide call lead by the Canadian Chamber of Commerce. The result is an **open letter** to our Elected Representatives to immediately take action to resolve the blockades of critical infrastructure that have serious economic and reputational consequences.
